AN ARTIST'S DRAWING shows how Gemini 10 space capsule, upper left, got its boost from the Agena rocket early Tuesday. The capsule was pushed into a higher orbit when the 16,000-pound thrust multi-stage Agena rocket engine was ignited, shown firing at lower right, while docked with the Agena target vehicle. ## Gemini 10 Spacemen Run Short of Fuel, but Get Signal for Photo Session

CAPE KENNEDY, Fla. (AP)—America's high-flying Gemini 10 spacemen—short of fuel but hoping to salvage most of their flight plan—were given a "go" today for astronaut Michael Collins to pop his head and shoulders into space for a late afternoon photo session. The fuel shortage caused project officials to eliminate the last of two planned dockings with the Gemini 10 Agena and erase some of the 14 scientific experiments scheduled for the three-day mission.

### Editor Will Speak at Dedication

SUN VALLEY, Idaho (AP)—Robert Manning, editor of the Sun Valley News, will speak at the dedication July 21 of the Ernest Hemingway Memorial. Mrs. Hemingway said Tuesday, "The dedication ceremony will be very simple. Mr. Manning, who had a great appreciation of my husband both as a writer and as a man will be the only speaker."

The Sun Valley Music Camp will sing a Mozart piece. The audience will be composed chiefly of the people who knew the author during the years he lived and visited in Idaho.

"I think the dedication will be in keeping with Papa's wishes. He was never a person for great ceremony or monuments," Mrs. Hemingway said.

The bronze head by the American sculptor, Robert Burke, of New York City, was a gift of New York friends of the author.

The memorial, built with funds provided by the Hemingway Memorial Foundation, stands on a point of land given by the Janss Corp. above a natural reserve on Trail Creek about half a mile east of Sun Valley.

The dedication will be at 5 p.m. Thursday, July 21, the birthday of Hemingway.

Astronauts John W. Young and Michael Collins will sleep after sleeping eight hours in a record-shattering orbit reaching up to 476 miles above the earth. The astronauts hitchhiked a ride to that orbit by using the power of their Agena rocket target after successfully docking with it late Monday night.

The astronauts will open the hatch on their spacecraft at 5:10 p.m., exposing themselves to the vacuum of space. Collins will stand up in his seat, sticking halfway out of the capsule, and snap pictures and perform other experiments for an hour.

Several experiments were deleted, including plans to photograph certain star clusters to see if scientists could determine their surface temperature by ultraviolet light.

The standup extra vehicular activity is coming one hour later than originally planned, and Gemini 10 would probably not be in position to see them as originally expected.

The fuel shortage also meant that Gemini 10 would be docked with the Agena 10 during the space stand, instead of flying near it.

National Aeronautics and Space Administration spokesmen said there would be some revision of the program, but See GEMINI 10, Page 2, Col. 4.

MRS. BARBARA YOUNG and MRS. PAT COLLINS are talking about their husbands' venture into space. Mrs. Young, wife of Cmdr. John Young, command pilot of Gemini 10, is happy as she talks with newsmen after the successful launch of the flight Monday. Mrs. Collins, whose husband, Air Force Maj. Michael Collins, is making his first trip into space as pilot of the spacecraft, talks with newsmen after the docking maneuver by her husband and Young. (AP wirephotos)

## Racial Violence Flares in 3 Cities, Leaving One Dead

(See Picture on Page 16)

Racial violence flared in Cleveland; Jacksonville, Fla., and New York City Monday night, leaving a young Negro woman dead and scores of persons injured. The worst outbreak was in Cleveland where, police said, Joyce Arnett, 26, a mother of three, was shot in the head, two men received minor bullet wounds, and firemen had to leave a blaze when they were fired upon. Store windows were looted, and at least eight fires were set—some by fire-bombs—before police moved into the area on Cleveland's East Side, sealing off an eight-block area.

The disturbance, sparked by raving bands of teen-agers, was ignited by sniper fire at police and firemen. Police shot out some street lights and ordered motorists to leave the area. Targets of the looting were stores and homes.

Policeman Bill Alexander said the trouble started when irate patrons tore up a tavern where they learned they could no longer get free ice water.

Several policemen and firemen were injured, none seriously, when the crowd pelted them with bricks and rocks.

The violence in Jacksonville came after about 200 Negroes had staged an orderly march on City Hall and headed into the business district in violation of their permit to march.

Roving bands of Negroes then began throwing rocks through store windows and set fire to a small grocery store with a fire bomb, officials said.

Some shops were fired in New York City, police said, as disorder was reported in East Harlem and the East New York section of Brooklyn. Members of a special riot-trained police unit quickly brought both situations under control.

The outbreak began in Harlem when police refused to arrest a person a crowd of youths playing bongo drums. Some of the crowd began throwing bricks and debris at officers.

3 More Idaho Counties Aided

WASHINGTON (AP)—Emergency, drought-related, development have been given three more Idaho counties, Sen. Frank Church and Rep. Clement J. Zablocki, Idaho Democrats, reported Monday.

The three are Owyhee, Franklin and Blaine. They increase to 17 the number of Idaho counties designated eligible for emergency aid.

In those counties farmers may use for hay harvesting and grazing, land previously diverted from crop production.

CHICAGO (AP)—She tried to persuade the others to resist; they felt it would be safer to go along. As the quiet-spoken intruder led each of her friends to their deaths, she crumpled under a bad and preyed.

The consul general of the Philippines said Corazon Amurao gave him this account Monday night of the Chicago massacre of eight student nurses, Miss Amurao was the only survivor.

She was the first account of the night of horror Miss Amurao

has given, apart from reports to police which have been largely confirmed.

Consul General Genaro P. Provillo visited Miss Amurao, 27, an exchange student from Manila, in the hospital room where the girl has been confined since the slaying last Thursday.

"I haven't time she has left the room was for a brief visit Monday to the full hospital where the nurse, suspected of committing the slaying, was under

## Integration

WASHINGTON (AP)—Vice President Hubert H. Humphrey called Monday for full integration of the nation's schools as part of overhauling the country's educational program.

"The national goal," he said, must be "both quality and equality in our schools."

Humphrey made his remarks in a speech at the conference on education of the disadvantaged.

He noted that particularly in the large cities economic factors and the movement of families to the suburbs "are creating serious racial imbalance in the inter city schools."

Integration

WASHINGTON (AP)—The French News Agency said in a dispatch from Peking that the North Vietnamese ambassador declared today captured U.S. pilots will be tried as war criminals. The agency's correspondent quoted Ambassador Tran Du Vinh as making the statement at a news conference.

The newsman said the American pilots had never been considered by North Viet Nam as prisoners of war. Therefore they did not come under the Geneva Convention which would prevent their being put on trial, he added.

The ambassador gave no indication as to when the trials would begin, but he added that the pilots' fate would be left up to the Vietnamese people.

Only Monday, the United States informed the International Red Cross in Geneva that the trial of the U.S. pilots could lead "to disastrous consequences."

Arthur J. Goldberg, U.S. ambassador to the United Nations, issued the warning. He said the U.S. government view is that the Geneva Convention applies to the Vietnamese conflict.

Congressional leaders have urged that North Viet Nam be turned into a desert by bombing if the pilots are put on trial.

Jordan to Ask Intervention

IDAHO FALLS (AP)—Sen. Len B. Jordan, R-Idaho, says he will ask intervention by a federal labor mediation panel if the 2-month-old construction strike at the National Reactor Testing Station is not settled immediately.

Jordan said Monday he already has advised William E. Shaughnessy, director of the Federal Mediation and Conciliation Service, of his intention to ask intervention by the President's Atomic Energy Labor-Management Relations Panel if necessary.

Some 300 men in six unions have been idled by the strike since May 20 over Twinners Union demands for a daily travel allowance of \$5 from \$5.

LAUNCH IS SET FOR SURVEYOR 2

LOS ANGELES (AP)—The launch of Surveyor 2, a 600-pound brother of America's lunar moon, is set for this afternoon.

And Hughes Aircraft, maker of Surveyors, wants to make sure the launch comes off without a hitch.

The company included 6,000 pounds of written launch instructions when Surveyor 2 was sent by air to Cape Kennedy, Fla., Monday.

Those to appear at the Tuesday hearing were Dale Wilson, his father, Ronald Wilson, son, Gillies and his parents, Steven Klomp and his father, Gerald J. Klomp, and Rodney Rushion and his parents, Dr. and Mrs. J. C. Rushion.

## Dynamite Explosion Hurts Rupert Youth

RUPERT—Tommy Nichols, 17, son of Mr. and Mrs. Williams Nichols, Route 3, Rupert, is in critical condition in Mindoka Memorial Hospital after being injured in a dynamite explosion Tuesday morning while installing telephone lines 16 miles northwest of Paul.

According to his father, the boy probably will lose his left arm and one leg up to the knee as the result of the blast. The youth is working for Helmer and Payne.

Tulsa, Okla., contractors, who are installing one-party telephone systems in the Rupert area for the Project Mutual Telephone Co.

The crew had placed two charges of dynamite in a hole where cables are to be laid Monday night and it was assumed both charges had gone off.

When they started cleaning up the debris Tuesday morning and began using a jack hammer, the second charge exploded, injuring the Nichols youth. He was rushed to the hospital by other crew members.

CSI Offices To Be Moved Downtown

CSI administrative offices will be moving to downtown Twin Falls, according to a motion picture company president, in light of the college board's decision to enter into a lease with Dr. Frank J. McLean for 2,300 square feet of office space at 403 1st Ave. E.

The new facility will increase administrative space by about 1,300 square feet.

Dr. Taylor reported new applicants for enrollment have already exceeded the 300 mark. He reported three vacancies in the vocational teaching staff and at least two in the academic staff. One vacancy was filled Monday night with the new CSI Office, P. 2, Col. 4.

Red Skelton's Wife Is Shot Accidentally

LAS VEGAS, Nev. (AP)—The wife of comedian Red Skelton was shot in the chest early today in her room at a hotel on the Las Vegas strip, the Clark County sheriff's office said.

Mrs. Georgia Skelton was taken to Sunrise Hospital, where a spokesman said her condition was satisfactory.

"The gun was on the night stand and it went off accidentally," detective Lt. Glenn Simmons quipped her as saying, "Simmons said she was under heavy sedation."

"She didn't say whether she picked it up or bumped it," Simmons said. "Until she's more able to talk, that's all we've got."

Simmons said Mrs. Skelton was found sprawled on her bed unconscious by a man he could identify only as Art Coleman.

She was found shortly after her husband began his midnight show at the Sands Hotel, where the Skeltons were staying.

## President Issues Appeal on Spending

WASHINGTON (AP)—President Johnson appealed to members of Congress today to keep nondefense spending in line with his recommendations, saying one alternative is a tax increase. Johnson himself briefed newsmen after members of the House and Senate appropriations committees had returned to Capitol Hill after conferring with Johnson for more than an hour. Earlier, one of the conference participants, Senate

Democratic Leader Mike Mansfield of Montana, said Johnson told them if Congress did not cut back on appropriations, he would be forced to increase deficit spending or ask for the tax increase.

Johnson said additions to his recommendations already amount to about a billion dollars and budget estimates indicate this could reach \$5 billion to \$6 billion, bringing the budget close to \$120 billion compared with the budget requests of \$113 billion.

While saying a tax increase is one alternative to a hold-down on nondefense spending, Johnson said there will be no decision by him on this until the appropriations bills are further along in Congress and after it has been determined how much additional spending will be required in Viet Nam.

He said there will be a request for a substantial supplemental appropriation for Viet Nam, but that it is impossible at this stage to tell how much it will be.

Probe Eyed Into Rupert Boy's Death

RUPERT—An inquest was pending Tuesday into the death of a 2-year-old Rupert boy who had his head out the window of a car which sideswiped a pickup truck on a narrow canal bridge northwest of here Monday afternoon.

Faintly injured was Ralph Hake, who was sitting on his mother's lap "in the back seat of a 1958 Oldsmobile driven by Raymond Holske, 18, Rupert."

Sheriff's officers said the car sideswiped a 1966 Ford pickup truck.

The 1913 traffic death of 1966 in Magic Valley occurred July 18 at the result of an accident in Mindoka County.

Hearing Is Continued At City Meet

The public hearing on the revocation of the beer license of the Little Brown Jug, was continued until Aug. 15 when the Twin Falls City Commission met Monday evening.

Brown appeared with his attorney, A. L. Mundford, Kimberly, and asked the commission and Police Chief M. Frank Barnett what exact violations he was charged with. The commission agreed that with court action has been completed in the May 25 incident of minors being in the bar and the June 6 incident of selling of beer to minors. It would be best to continue the hearing.

In other business to come before the commission the downtown merchants were given approval to go ahead with their "Krazy Daze" event this Friday and Saturday.

Frontier Riding Club and county Republican organization were given permission to display banners across Sfishouse Street North and Main Avenue West for a period of time not to exceed five days. The riding club will be for the permission in order to promote the Frontier Days celebration.

The Republican group sought permission to publish a list of names which will be held during Frontier Days.

Commission members also approved HEARING, P. 2, Col. 4

CONSIDER TACTIC

NEW YORK (AP)—The head of the American Nurses' Association said today the organization will consider the merits of using mass resignations as a tactic to secure better contracts.

**Leader Guilty Of Unlawful Assembly**

BELFAST—Northern Ireland (AP)—The Rev. Ian Paisley, leader of Northern Ireland's Protestant extremists, was found guilty today of unlawful assembly. He refused to enter into a good-behavior bond and was faced with three months imprisonment.

He claims there is a plot to oust Northern Ireland's Roman Catholics. The magistrates hearing the case against Paisley and six codefendants on charges of taking part in an unlawful assembly, gave him 24 hours to think it over.

Paisley told newsmen later, on behalf of the defendants, they would take the next 24 hours to decide whether to appeal or to go to Crumlin Road jail for three months.

The case against Hercules V. Mallon, one of the seven defendants, was dismissed. The other six, including Paisley, were found guilty on the charge.

## Luci, Nugent Make Plans to Attend University of Texas

WASHINGTON (AP)—Luci Johnson and Patrick J. Nugent will attend the University of Texas after their Aug. 6 wedding and live in a rented "dream house" in Austin, Tex.

They think they can get a little more privacy there, the President's daughter told a news conference shared with her mother in the White House state dining room Monday.

She said she was experiencing the feelings of all brides—I am very excited, a little anxious and a little nervous.

Luci, 19, spoke of her future plans for taking up housekeeping with Nugent, 23, in a small one-story brick duplex house in a "nice neighborhood" where she envisioned doing her own cooking and cleaning and having to keep a strict eye on the budget.

When asked whether she expected Nugent to wash and dry dishes, Luci declared "certainly not." But, she added, "if I wanted to help I don't think I would refuse."

Nugent has a job with an educational consulting firm in Washington. But from what Luci said he will not hold any job immediately after their marriage.

"He has pretty much saved up, because we haven't been going places, and we feel as though we can make it with what we both have right now," Luci explained.

Nugent will work toward his master's degree in business administration last week.

**EXCHANGE GROUPS**

BOMBAY, India (AP)—Indian and United States will exchange trade delegations soon to consider raising Indian exports to America, according to S.K. Patil, Indian railway minister, who returned from a U.S. visit last week.

**Candidates Rally Slated For Rupert**

RUPERT—An old-fashioned Democratic "Meet your candidate" rally will be held Friday evening on the Rupert City square, according to Mrs. Philip Bare, chairman of the Democratic central committee.

Democratic candidates on the local and state level will be present and each will have an opportunity to present his program.

The rally will begin with a social hour at 7 p.m. in the square, after which candidates will speak.

Invitations have been sent to gubernatorial candidates William Dee, Grangeville; Cecil Andrus, Orofino; and Charles Herndon, Salmon. William Brunt, Idaho Falls, and George Williams, Rexburg, candidates for United States representatives also have been invited.

There is a contest for Secretary of State with incumbent Lew Clapp, Boise, and Connely Ward, Caldwell, both of whom are expected to attend the rally.

Mrs. Bare said that many citizens have not had an opportunity to meet the candidates and with the interest being shown in the governors race and the rally coming a few days before the Aug. 2 primary, a large crowd is expected.

## Couple Weds Following Honeymoon

CORBIN, Ky. (AP)—Court Clerk Everett Rains of Corbin issued a marriage license to a young couple with a small gift, saying "I hope you enjoy this small token of your marriage."

Several days later he met the mother of the bride on the street. "Well, how did the marriage ceremony come out?" Rains asked.

"You should know," the woman said. "After all, you married them."

Rains, taken aback, explained diplomatically he didn't marry the couple when he issued the license. The honeymooning couple was brought back from Cincinnati, Ohio, and a preacher did what Rains hadn't.

## Entertainer Is Fighting Tax Claim

WASHINGTON (AP)—Entertainer Sammy Davis Jr. is fighting a federal tax claim of \$227,481, contending thousands of dollars in expenses disallowed by the Internal Revenue Service were essential to his position in show business.

The actor-singer-dancer asked the U.S. Tax Court to overturn an IRS finding that he owes \$81,710 for 1959, \$109,744 for 1960 and a late-filing penalty of \$36,029.

At the same time, Davis' father, with whom he broke into show business in the Will Mastin Trio, petitioned against a tax claim of nearly \$40,000 for the same two years.

And the trio—the two Davises and Will Mastin—filed a third petition contesting a claim of some \$32,000, based on what IRS claimed was an excessive salary paid the elder Davis while he was recuperating from a heart attack and unable to perform in 1959.

The tax agency disallowed more than \$200,000 in expenses claimed by the younger Davis for hotels, meals, entertainment and gifts, costumes, music, transportation, records and a valet. It also disallowed a \$1,360 claim for a bodyguard in 1959 and more than \$5,000 in tips for that year.

These expenses were disallowed, IRS said, "because it has not been established that an amount in excess of that allowed constitutes ordinary and necessary business expenses or what was expended for the purpose designated."

## Army Units Building Back To Full Combat Readiness

WASHINGTON (AP)—All Army divisions in the United States have been relieved of temporary training mission and are building back toward full combat readiness, it was disclosed today.

About four months ago, the Army divisions based in the United States—normally considered the strategic reserve for emergency duty abroad—were about half filled with recruits and other soldiers with less than four months' training.

According to latest figures, all the Army divisions in the continental United States are down to less than 30 per cent of trained troops with one special exception, and the last of this training will be completed in October.

The Pentagon came under heavy criticism in late March after the Senate Preparedness subcommittee disclosed that the Army divisions in the United States had, in effect, been converted into training divisions, thus lessening their ability to respond to possible emergencies.

At the time, Secretary of Defense Robert S. McNamara acknowledged the previously undisclosed change in mission for these divisions, but contended it was necessary.

Asked about the status of the divisions now, the Army said: "All stateside divisions have been relieved of this (training) mission but some still have some trainees who are finishing their training."

# WHIRLIGIG

**WASHINGTON**—Citizens who are uneasy at the thought of being spied upon and whose freedom from the moment they get up in the morning until they go to bed at night should welcome the resumption of an inquiry by a House Government Operations subcommittee into the widespread invasion of privacy by both government and business spies.

"Today man's home or castle is in danger of becoming a fishbowl," says Rep. Cornelius Gallagher, D-N.J., chairman of the subcommittee. "The use of computers and other electronic devices is helping to gather such a wealth of information from such a variety of sources that all of us may someday stand psychologically naked before the world."

I will proffer an amen to that, and go on to identify the major criminals as state and federal law enforcement agencies and other bureaucrats—including the Census Bureau. For example, the last form census questionnaires are sent to farmers for the first time to detail their outside income and that for everyone living in their homes. In this, the Census Bureau conveniently overlooked the law which states that such information should be submitted only to the Internal Revenue Service.

**NOT-SO-SECRET—SECRETS**—In the hands of the IRS, that material is supposed to be confidential, but the taxpayer is kidding himself if he thinks only he and his friendly tax collector see it. Every federal agency and every state government, plus several congressional committees, can ask to examine an income tax return. But an examination technician is in line of duty, with the law stating that the returns be kept confidential, but actually this confidence can be violated by any petty clerk who happens to be curious about his neighbor's financial condition.

Even the mails are open to public scrutiny these days. The Post Office Department, at the request of investigators, can and does submit return addresses to these snoops so that Big Brother may know with whom citizen is corresponding. More than 600 such mail covers were in effect on a recent single day, according to postal officials.

**PRIVATE LIESPIES**—By now, the bugging crimes committed by local and federal cops have become a national scandal. But at least the law provides for a remedy here, if we can find an attorney general or a governor or a mayor with some regard for constitutional rights. Unfortunately, the citizen has little protection against the intrusion of private ferrets. Snapping devices have now entered the mass mail. Newspaper advertisements trumpet their magic, and some of them can even be bought with a Diner's Club card. There are instruments that can pick up a conversation from a distance and some of them are in the street. Some devices are so sensitive they can record voices of people talking 300 yards away. Industrial espionage has become Big business with private companies spending millions of dollars a year to spy on their competitors with cameras and microphones.

**WHAT CONSTITUTION SAYS**—The Constitution is plain on this subject. It says no man's home shall be entered without a warrant. But every day these scientific sleuths are entering citizens' homes without warrants by the use of electronic eavesdroppers. Cops like to argue, in effect, that the Constitution is not meant to be caught by criminals. But these bugs help to catch criminals. But the Constitution has forgotten that the Bill of Rights was written to protect the individual, not to give aid and comfort to the policeman.

Whether luck is his or his crusade to safeguard a man's privacy and his mind, which Gallagher calls "the private vault of his ideas, opinions and thoughts"—if this crusade should result in some criminals going uncaptured, so be it. Until some idiotic gaggle of lawmakers changes it, the Constitution still confers upon all of us the right to be left alone.

**TOUCHY TICKET**  
To the American Judge who some years ago fined himself for speeding, we now add the German policeman who gave himself a ticket for unlawful parking. Not wishing to cast a shadow on the Cologne police department by being late to testify in court, this officer parked in a no-parking area and wrote himself out a ticket. Up to this point all was simple. Then the policeman, when he was writing the fine, he was, instead, whisked away to see his superior, whose attention had been called to the case. The officer was given a summons and disciplinary action begun. The superior said that the officer had not broken the law lawfully. At this point, law pundits intervened. They said, first, that by German law the parking ticket outlawed any summons. Second, they said that the officer was lawfully parked and judgment in upholding police reputation for punctuality and reliability.

Here, at last reading, the case stands. The deeper all parties delve into the issues, the more confused they become. And so, while we make no claim to legal training, particularly German legal training, we see only one way out of the difficulty: scrap the entire argument, and start all over again. —Christian Science Monitor.

**THE DOCTOR SAYS**  
By WAYNE G. BRANDSTADT, M.D.  
Q—Through a blood test and a skin test four years ago my doctor made a diagnosis of undulant fever. There are no danger of spreading this disease to my family or friends?  
A—Human carriers of undulant fever or brucellosis do exist. They shed the germs in their urine, but transmission of the disease from one person to another is extremely rare. The natural reservoir of infection is in cattle, sheep, goats and hogs. Complete recovery is the rule and treatment for more than a year is rarely necessary. Good results have been achieved with a combination of two antibiotics, streptomycin and tetracycline.  
Q—A recent article stated that 3 per cent of the population has undulant fever. What are the symptoms of this disease?  
A—The proportion of the population with undulant fever has dropped with the almost universal use of pasteurized milk and meat products in this country. The disease involves the entire body and starts, often insidiously, with headache, aching in the joints, chills, fever and easy fatigability. In some victims there is a dry cough and in some there is vomiting. Since these symptoms are common to many other generally self-limiting infections, the diagnosis must be based on laboratory tests.  
Q—What forms of insanity are inherited? Can they be cured?  
A—Since the proportion of persons who have schizophrenia (dementia praecox, or split personality) and manic-depressive psychosis is relatively small, it is unlikely that these diseases have been passed on to more than a small proportion of the total population, a hereditary factor is presumed in these diseases.  
In the treatment of schizophrenia shock therapy, psychotherapy, tranquilizers and surgery (frontal lobotomy, in which the frontal lobes are cut) may all be beneficial, but they rarely bring about a complete cure. Persons with acute manic depression (bipolar affective disorder) who are in a manic state often have to be restrained. When this phase subsides, a severely depressed individual may follow during which efforts must be made to prevent suicide. In these periods, also, treatment may be of some benefit but a cure cannot be guaranteed.

# MARQUIS CHILDS WRITES ON WASHINGTON

**WASHINGTON**—With most of the country sweltering in the heat and the water table dropping ominously in many areas, Americans can't help but think of the threat of a drought. The element essential to life itself, not to say a highly prized commodity, is running out.

This is seen in acute and chronic drought in the West. In Arizona, Southern California and in parts of at least four other states underground water is being mined out at such a rapid rate that the desert promises to take over short of radical solution. It is a case in which big government plays a double game, giving out subsidies to one hand, to farmers mining out the water and with the other hand trying to overcome the effect of those subsidies.

The bill is paid out of federal taxes coming from all 50 states. Here is the way the double game works.  
Cotton farmers in Arizona, California and West Texas raise price-supported cotton on irrigated land. They get some of the Department of Agriculture's biggest subsidy checks. On the 1965 crop one Arizona farmer got \$79,388; a farmer in California \$182,473; a grower in West Texas \$186,557.

Underground water in Arizona is being mined out at the rate of about 2,200,000-acre feet a year. An acre foot is the equivalent of 325,000 gallons which gives an idea of the scale of the loss. About 100,000 acre feet go for home and industrial use in Phoenix and Tucson. The balance is for irrigation and the drilling for water goes deeper and deeper until sooner or later it is uneconomic. Cracks appear in the earth and underground strata are disrupted.

So Arizonians demand more water to make up the deficit and they back up their demand with a powerful congressional delegation headed by 85-year-old Sen. Carl Hayden, chairman of the Appropriations Committee. This is where the second part of the double game comes in. The relentless leavers in the Bureau of Reclamation, one of the oldest and most potent bureaucracies, are happy to come in and rescue. In 1953 they began to build 600-foot-high Glen Canyon dam. Now, spurred on by Arizona, the bureau is pushing two more dams in the Grand Canyon. These two dams—Bridges and Marble Canyon, would make up close to half the water deficit. While most of the cost will be paid by the federal government, there is a hidden federal subsidy in the fact that the bureau's interest rate on outstanding bonds is considerably lower than the rate the government must pay on its borrowings.

Dividing the waters of the Colorado River among the seven states claiming rights to the only big stream in the region would tax the wisdom of Solomon. In addition Mexico gets 500,000 acre feet of water in Colorado. It has meant hours and hours of argument in the Supreme Court, endless hearings before the Senate and House and debate on the floor of House and Senate, backroom deals beyond number.

The seven states agree on a plan, currently moving through Congress that calls for building the two dams in the Grand Canyon as part of the Central Arizona package. This delicately balanced package is largely the work of Rep. Morris K. Udall, D-Ariz. Udall is fearful that if one piece is taken out the whole structure will fall into ruin.

This, of course, is where the conservatives come in. With a crusading zeal they say: "No compromise! We should have the beauty of the desert, the great scenic treasures be impaired by dams that are not, in fact, really necessary?" Part of the Central Arizona package includes eventual agreement to creation of the National Water Commission proposed by the President. It would be made up of seven private citizens who would have five years to study water resources in a national perspective. The commission would submit a report to the President.

# Provincialism Dying

Some Idahoans who have been concerned about the degree of provincialism remaining in the state notice a new development that is tending to eliminate it. Legislative reapportionment, which has met wide criticism for several reasons, is helping to eliminate provincialism on a rather startling scale. Perhaps the most striking evidence of this is that the Idaho Legislature doesn't think it in those terms, but that's the new result.

The legislator who never had to worry about more than one city or, at most, one county has suddenly found himself trying for re-election in two or more counties. Instead of the little local problems of one little area, he has had to show some concern for the issues of two or three counties, or even the state's general welfare. Under those circumstances, it's rather difficult for provincialism to continue to flourish on the same scale as before.

The legislative candidate who has ignored the trend likely will find himself left at the post when the ballots are counted in a couple of weeks. But that isn't the end of the situation by any means. When the Legislature convenes after the first of the year, members will discover it's a different animal than it's ever been. Again, they will discover that self-service and provincialism have been dealt a major blow. From all indications, the next session of the Legislature will show far more concern for general Idaho problems and far less concern for a problem relating only to a specific locale.

If any legislator should make the mistake of ignoring the changes that are taking place, he likely will have the chance to be only a spectator. There are indications that voters generally are ready to move; they're ready for Idaho to go forward, to live up to the "New Day" challenge sounded before the last session of the Legislature in Gov. Smylie's message.

There simply is no room for provincialism in Idaho's "New Day."

**VOTERS DECIDE**  
The primary election campaign, like all other elections before it, finds some of the candidates touching the same old bases and making some of the same old mistakes. One that's common for candidates everywhere is that old trap of coming up with the endorsement of party leaders. It might be important in event of a position within the party, but it doesn't mean much to the average voter. Candidates should remember that a party leader has only one vote when election day rolls around.

Election comes from the rank and file of voters, from the majority of all those individuals who mark ballots. And it has been proved time and again that the average voter doesn't have a great deal of respect for some party wheeler. It's particularly true in a state like Idaho where there's no machine, no inclination to vote the way someone orders.

The only sure way to victory is to win as many individual votes as possible.

**ARE THOSE JOBS NECESSARY?**  
Despite mounting financial requirements to prosecute the war in Viet-Nam, the federal government is continuing to hire people, like me, and it seems about time that some cutting be made as to the necessity of the record number of jobs in the Washington area.

Records this week showed an all-time high of 2,200 new federal employees there, compared to the previous high of 294,515 in December, 1942, during the World War II buildup. The Korean war high of 267,740 was surpassed more than a year ago.

# Poor Man's Plato

**By IAL BOYLE**  
NEW YORK (AP)—"An unspoken rule in every modern business office is 'Don't make waves.'"  
The idea behind this is that all are better off if each individual respects the other's survival pattern. In other words: If you make waves that threaten to drown me, I won't raise a storm against you.

An exception to this live-and-let-live policy is the heat wave. Heat waves, of course, are not man-made and are not man-made. Hence no one can be blamed for them with the possible exception of the company's management, which is liable and expected of having a fully blown air conditioning plant, no matter how intense it may seem on the surface.

A Twin Falls team, headed by Blue Lakes Country Club professional Dave Killen, fired a best ball of 122 Monday to top the pro-junior prelude to the annual USA junior amateur championship sectional qualifying round at Blue Lakes. Pro Dave Barrett of Pocatello's Riverside course led two teams into the winners circle. One of his teams had a best ball of 124 for second place and the other came in at 124½ to tie for third with four other teams.

## Jackson Has Fifth Phillie Win in Row

PHILADELPHIA (AP)—Larry Jackson reeled off his fifth straight victory and second consecutive shutout as he pitched a 4-0 victory over Sandy Koufax and the Los Angeles Dodgers Monday night.

The 24-year-old Jackson extended his string of scoreless innings to 18 as he checked the Dodgers on five hits for his ninth victory and eighth in his last 10 games. He has lost seven.

Koufax, who lost his fifth game against 16-victories, gave up three runs in the fifth as the Phillies sent nine men to bat and collected five hits, an intentional walk and a sacrifice fly. The Dodgers' brilliant left-hander left for a pinch hitter in the sixth.

Los Angeles: 000 000 000—5 1 Philadelphia: 000 000 100—10 0 Koufax, Miller (9) and Roseboro; Jackson and Jucker. W—Jackson, 9-7. L—Koufax, 16-5.

## Orioles Hit In Second, Drop Chicago

CHICAGO (AP)—Boog Powell and Frank Robinson hit tremendous consecutive home runs sparking a four-run second inning against Jim Pizarro Monday night as the Baltimore Orioles whipped the Chicago White Sox 5-3.

Powell's blast hit atop the roof of the second deck in right center, drove in two runs, and broke a 2-2 deadlock as the first place Orioles moved ½ game ahead of the Detroit Tigers in the American League race. It was Powell's 21st of the season.

Robinson followed with a smash into the center field bullpen for his 23rd, making it 5-2. Baltimore: 100 000 000—5 3 Chicago: 000 010 000—3 0 T. ## Mets Take Twin Wins From Astros

NEW YORK (AP)—Larry Elliot drove in four runs with a single, double and homer as the New York Mets completed their second straight doubleheader sweep Monday, beating the Houston Astros 6-3.

The Mets, who beat the Astros twice Sunday, rallied with three runs in the eighth inning for a 4-1 victory in the opener.

Elliot, whose first inning error helped the Astros to a quick 2-0 lead, drove in one run in the Mets' first with a single. After Houston had moved ahead 3-1, Elliot homered in the sixth with the bases empty.

## Record Doesn't Surprise Doctor

LONDON (AP)—Dr. Roger Bammler, first man to break four minutes in the mile run, said Monday he was not surprised that 19-year-old Jim Ryun had broken the world record with a time of 3:51.3.

"Obviously it was to be expected," said Dr. Bammler, a medical specialist. "Ryun had done 3:53.7 before. I think it was a tremendous run and considering his age he is likely to run considerably faster."

In May, 1954, Dr. Bammler ran 3:58.4 at Oxford.

## Sanders Still Atop Money List

PALM BEACH GARDENS, Fla. (AP)—Doug Sanders, 41, clinched his place atop the money-winning list in the 1958 golf tour after a 54-hole victory in the "Munster" Golf Classic, in setting the money-winning pace on the 1958 golf tour.

Sanders has banked \$86,311 and leads Arnold Palmer by \$1,630.

## Oliva Steps up Pace Toward Batting Title

NEW YORK (AP)—Minnesota's Tony Oliva, who escaped serious injury in an automobile accident Sunday, has stepped up his hitting pace while seeking to win the American League batting championship for the third straight year. The 25-year-old outfielder moved into second place behind Baltimore's Russ Snyder by collecting nine hits in 19 times at bat last week. He boosted his average nine points to .322. Snyder is hitting .305.

Oliva suffered a bruised right hip and complained of whiplash in his neck following the car accident. X-rays were taken at a hospital, and he was released in time to play in the doubleheader against the New York Yankees. He had five hits in nine trips.

The Twins' star captured the 1964 title as a rookie with a .323 mark and won it last season with .321.

Snyder slumped .12 points, managing only four safeties in 19 at bats last week. Al Kaline of Detroit fell one place to third. He had only one hit in 10 attempts and is hitting .216. A drop of nine points from last week.

Frank Robinson of Baltimore, the runner-up a week ago, slipped two points to fourth at .288. He is followed by teammate Brooks Robinson, .297. The figures include Sunday's games.

Coach Says Experience Aids Victory

MOSCOW (AP)—"Our kids had a little more experience," Coach Dun-Gambrell said today after his American swimming team took an 11-6 unofficial victory over Russia Sunday.

The strong Soviet squad set two world records in defeat. Gambrell called the Soviet team much improved over their showing at the 1964 Olympics in Tokyo and predicted they would be tough to beat at the 1968 Olympics.

The American men edged the Russians 4-4, and the U.S. girls coasted by the Soviet women 6-2 according to the unofficial tally.

The Soviets called the two-day meet at the open-air Lenin Stadium pool a friendly match between swimmers, not nations. They kept no team score.

The Americans, unofficially kept score by awarding one point to the winner in each event. There were four American double winners.

Soviet girls set the world records.

Key Belnap, chief of business administration for the department of state, said applications are being received, even though the deadline for filing them was July 13.

Applications postmarked by midnight of that date are accepted, he said, and because of the airline strike "some have been slow in arriving."

## Giants Halt Pirate Rally For 3-2 Win

PITTSBURGH (AP)—Lindy McDaniel, the fourth San Francisco reliever pitcher in two innings, snuffed out a Pittsburgh threat in the ninth inning, preserving the Giants' 3-2 victory over the first-place Pirates and helping them move within two percentage points of the National League lead.

McDaniel ended the threat after the Pirates loaded the bases on two-out singles by Bill Mazeroski and Bob Bailey off Frank Lirio and an infield single by Matty Alou off Joe Gibbon.

McDaniel replaced Gibbon, and Jesse Gonder batted for Gene Michael and lined to shortstop Jim Davenport.

The Pirates closed to within 3-2 in the eighth before Bill Henry and Lirio ended the rally. With Roberto Clemente at second with a run-scoring double, Henry relieved starter Gaylord Perry and got Manny Mota on a deep fly.

Lirio then came on and ended the inning by getting Jose Pagan to pop up.

San Francisco: 000 000 000—3 2 Pittsburgh: 000 000 110—2 12 Lirio; Veale, Mikkelson (8), Gibbon (9), McDaniel (9) and Haller; Veale, Mikkelson (8) and Paganini. W—Perry, 13-2. L—Veale, 11-6.

## Attendance Falls Short of Record

NEW YORK (AP)—The total of 308,316 persons who attended Sunday's 19 major league baseball games was only about 6,000 short of the attendance record for a single day, Commissioner William D. Eckert's office reported Monday.

The record of 314,313 paid spectators was set May 31, 1948, when eight doubleheaders were played by 16 teams.

## Ryun Says Clocking Of 3:50 Not Far Off

BERKELEY, Calif. (AP)—Unassuming Jim Ryun, rangy Kansas youngster who set a blazing 3:50.1 minute, 51.3 second world record in the mile run, is convinced that "a lot of runners will be doing it in 3:50 soon." But trackwise coaches, well aware how everything jelled perfectly for the 19-year-old Ryun's "miracle run," say that when the new mark is smashed, it likely will be by the kid himself.

"My guess is the 3:51.3 record will stay on books for a few years, unless Ryun himself better it," said former American Olympic games coach Brutus Hamilton.

"It is just unbelievable a boy of 19 could do what Jim did here Sunday. You keep asking yourself what he'll be doing when he's 25, if he retains his enthusiasm."

Before the University of Kansas freshman flew to Los Angeles Monday with a coterie of other American track stars for this week's southern meet, he commented "My record may not last through the summer."

"There are runners in Europe right now who can run the 3:50 mile, somebody will beat my record this year," he said. "But it won't be me. I've run my last mile race this year."

"The quietest youngster will run the 1,500 meters in this weekend's meet at Los Angeles. After that, he says, 'I'm just going to sit around and act human.'"

Ryun's clipping of 2.3 seconds off the recognized mile record, set by Michel Jaz of France in 1955, was his third record smash. This year, on June 10 at Terre Haute, Ind., he ran the half mile in 1:44.3, another mark awaiting recognition.

## Molly Bee Sings What She Means

**HOLLYWOOD**—When Molly Bee sings she means it. "Every song has to mean something to me or I can't sing it," she said. "I guess I'm a 'method' singer—a Western 'method' singer."

The popular country and Western singer, who rose to national fame as a regular on NBC TV's "Pinky Lee Show" in the early 50s, returns to the NBC television network as a featured regular on "Swingin' Country," new daytime series to be broadcast Mondays through Fridays.

Molly is selective about the songs she sings.

"If I don't believe a song I won't sing it or record it," she said.

There's a whole class of songs that Molly doesn't believe. "I don't believe in the kiddie lyrics," she said, referring to the rock'n'roll syndrome. "There are very few pop songs that I like. If a song tells a story, OK. The other songs are just words and when I sing, one I just think about hamburgers."

Molly has found that she's best off sticking with C and W (country and Western) music. "It's adult music," she said. "It's never written for the young set. It's written by people and for people who've been through good and bad times."

## 'F Troop' Is Being Filmed In Color

The cast of ABC-TV's "F Troop" assembled to begin filming of the series' second season at Warner Bros. in Burbank, Calif.

Both fights will be seen on "ABC's Wide World of Sports," as the title world bout between Clay and Henry Cooper last May 21.

Clay will box London in Earl's Court Stadium, London, in an indoor arena with about 18,000 at 10 p.m., London time, Aug. 6 (2:30 p.m. PST). The telecast will include films of recent bouts featuring the two fighters.

The championship fight with Mildenberger will be held in Frankfurt, Germany, on Sept. 10.

## Reformed Rock 'n Roller Is Hit of Summer TV Season

By BOB THOMAS  
HOLLYWOOD (AP)—The hit of the summer television season appearing to be a reformed rock 'n' roller named John Davidson. He is the husky baritone who took over for Andy Williams during the hot weather run of the Kraft Music Hall on NBC.

Ordinarily a summer replacement show, the Siberia-like qualities of playing the Elk's Club in Fargo. But John and his youthful band have given the Monday night outing such verve and style that there is already talk of elevation to the majors—a winter show.

"Yes, there is talk," John confirmed. "I'll believe it when I see it."

Still, there doesn't seem to be much doubt that he will ascend to the topmost ranks in show business. No career has been as well planned and directed. It helps that he also has talent.

## Singer to Star in Grand Prix

LIEGE, Belgium—Singer Francoise Hardy, the international "yoyo" girl, will make her English-language film debut in a starring role in Metro-Goldwyn-Mayer's "Grand Prix," the John Frankenheimer "Douglas and Les production new film" appearing here this month. She will portray a girl who follows the Grand Prix circuit and becomes attracted to one of the drivers.

Miss Hardy has become one of the most popular international singers since she began recording her own songs in 1962. Her records consistently make the number one spot throughout Europe and her albums have all appeared on the best-selling charts in the United States. The younger performer has also appeared in two films in France, Francoise Sagat, "Castle in Sweden" and "A Bullet in the Heart" with Sami Frey.

Produced by Edward Lewis and directed in Cinemascope and color by Frankenheimer, the international roadshow attraction was written for the screen by William Hanley from an original screen story by Robert Alan Auerbach.

# Cowboys Strike for Nine In First Inning to Trim Ogden Dodgers by 13-8

The Magic Valley Cowboys struck for nine runs off three Ogden pitchers in the first inning Monday and managed to hold out the rest of the way for a 13-8 Pioneer League victory. The Cowboys first crashed into Don Spain for four hits and three runs. Then came Ken Raab, who allowed three runs on no hits while striking out one. Ray Baczewski, who was tabbed for the loss, then took the mound, but before he was through the Cowboys scored three more.

# Clendenon Pursued In Different Way

Four professional teams in three sports once pursued Don Clendenon. Now a number of teams would like to pursue him right out of the National League. Clendenon continued his torrid pace Sunday as the Pittsburgh Pirates swept a doubleheader from San Francisco 7-4 and 7-1 and replaced the Giants in first place in the National League pennant race. The double victory vaulted the Pirates one game ahead of the Giants, who had been out of the top spot for only four of the previous 71 days. The teams conclude their three-game series tonight.

Clendenon was a baseball, basketball and football star in his high school and college days. He was selected in Georgia in all three sports in his senior year and went on to win a total of 12 letters at Morehouse College.

Upon graduation he was sought by the Harlem Globetrotters, the New York Knicks, the Cleveland Browns and the Pirates. He selected the Pirates, and now he's headed for a circle that, at least for the Pirates, isn't so select anymore.

His four hits in the doubleheader raised his average to .294, putting him within reach of the .300 level that four teammates already have attained.

Clendenon, however, was hitting only .259 on June 25. But since then, in a stretch during which the Pirates have won 17 of 23 games, the 30-year-old first baseman has collected 32 hits in 83 at-bats for a .386 mark.

The hits are the most any Pirate has had in that period while his .386 average is second only to Manny Mota's .428. Also in that time Clendenon has lifted his home run total from seven to 15 and his runs batted in total from 28 to 48.

Clendenon beat out a bunt in the sixth inning of the opener and scored on Bill Mazeroski's double, then powered a three-run outburst in the eighth with a triple. Willie McCovey a two-run homer for San Francisco.

Clendenon hit a two-run homer in the nightcap that climaxed the Pirates' victory. Roberto Clemente tripled across the tying run in the fourth inning and scored the lead run on Jose Pagan's ground out. Mazeroski added a two-run double in the sixth.

Clendenon's third hit of the game drove in pinch runner Felix Milner with the winning run in the eighth inning as the Atlanta Braves edged Cincinnati 3-2 Monday.

Clendenon, batting for Chito Olivo, was hit by a pitch opening the eighth. Milner, running for Clendenon, went to second as Felipe Alou bent out a bunt, and then scored on Mathews' single.

Two-run homers by Alou and Mack Jones helped Atlanta cruise an early 4-0 Cincinnati lead.

# Hazard

SCOTTSDALE, Ariz. (AP)—Golfers Bob McClure was rattled — and little wonder.

He got a snake on the 12th hole while playing Sunday in a tournament at Indian Bend Country Club.

McClure's second shot hit a five-foot rattler, and he finished the snake off with an 8-iron.

Slightly shaken, McClure took an eight on the hole.

# Bell Pitches Indians Past Angels 6-1

CLEVELAND (AP) — Gary Bell's four-hit pitching and two-run homers by Rocky Colavito and Larry Brown lifted the Cleveland Indians to a 6-1 victory over the California Angels Monday night.

The Indians scored four runs in the fourth when Colavito rapped his 19th homer scoring Chuck Hinton, who walked, and Brown hit his second homer scoring Chico Salomon, who singled and turned a first base pickoff play into a stolen base.

# Mathews' Hit Lets Braves Edge Redlegs

# Venturi Says Golf Officials Tailor Courses for Big Hitters

AKRON, Ohio (AP)—Ken Venturi, warming up for the 50th PGA Golf Championship with a sore shoulder, contended Monday that golf officials had sold their souls to the big hitters and thrown accuracy to the winds. "It's tee the ball up and let 'er fly with no regard for where she lands," the 1964 National Open winner grumbled. "There's no longer any reward for the man who can hit the ball straight."

# Magic Valley Baseball Queen Of 1966 Crowned

The tension could be felt in the air. It was coming mainly from 14 lovely Magic Valley girls who were on the playing field of Jaycee Park awaiting the announcement of the Magic Valley Baseball Queen of 1966. About five minutes after the girls had been escorted to positions on the field, the announcement came—Jean Littlefield was named queen.

Littlefield was named queen on runner-up. And then Murray Clements was named first runner-up. The tension mounted for a few seconds while Mistress of ceremonies Elizabeth Sikes opened the final envelope.

The new Magic Valley Baseball Queen is Nancy Williams, sponsored by the Kiwanis and Key Clubs," said Mrs. Sikes. The crowd roared its approval.

And then came the awards. Some roses and the crown from last year's queen—Pam Jenkins; autographed baseballs from the club, presented by three of the players, along with a kiss on the cheek for the three girls; a diamond ring, presented by Charles Allen of Sterling Jewelry Co.; a baseball bat from the Ogden ball club, and last, but not least, \$100 from the baseball club.

Miss Clements, sponsored by the Elks club, received \$50 and Miss Littlefield, sponsored by the Shrine club, was awarded \$25 for runner-up honors. All contestants were given silver trays with their names engraved upon them.

An interesting side note. This is the fourth year in a row for the Twin Falls Kiwanis Club. The other three, who were on hand for Monday's ceremonies, were Cheryl Couch, Miss Idaho of 1966, 1963 winner; Jan Langley, who was 1964 queen; and Miss Jenkins. Also there was Shirley Wilson, 1962 queen.

The outcome of the contest was decided solely on how many tickets the candidates sold for the club. The receipts were turned in by midnight Sunday and nobody, but the person in charge of the pageant, Morris Roth, knew the identity of the queen and runner-up.

Roth has been at the helm of the contest for several years.

# Wild Throw Lets Cubs Nip Angels

IDAHO FALLS (AP)—Pitcher Jon Lervig's throwing error in the sixth inning allowed the Treasure Valley Cubs to score the tie-breaking run and take the 4-3 win over the Pioneer League leading Idaho Falls Angels Monday night.

Cubs' catcher Dale Ehler, who had tripled, scored when Lervig fielded Jim Williams' slow grounder and threw wide to the plate. Ehler then came on to score what proved to be the winning run.

Cub Pitcher Frank Reberger held the Angels hitless during the last five innings after giving up single hits during the first four innings. Reberger struck out 10 and only one of the three Idaho Falls players was earned.

Treasure Valley used a three-run fourth inning to tie the game after the Angels had scored once in the first and added two runs in the third.

Jim Williams' two-run scoring single was the big hit in the fourth inning. Williams drove in Tom Whelan, who had walked, and Ehler, who had doubled to center.

# Robinson Is Upset Over Game Time

CHICAGO (AP)—Third baseman Brooks Robinson of the Baltimore Orioles is upset over playing the last game of a series at night before taking off for another city.

"Know why they schedule night games on getaway days?" he said heatedly. "Money. They know they can't draw good crowds during the day, so they schedule the games at night."

"But do we get any of that money? No."

Robinson's criticism was triggered when sports writers asked if he was tired.

"Of course, I'm tired," he retorted.

After playing Chicago Monday night, the Orioles will return to Baltimore for a Tuesday night game against Detroit.

"We won't get to sleep until 5 o'clock in the morning when we get home from this trip, then we have to go out and play another game," Robinson fumed. "This is ridiculous."

During the past six days Robinson played seven games, including the All-Star. He traveled from Baltimore to St. Louis, Philadelphia, Detroit and Chicago.

**RIOT-DAMAGE**—In Cleveland, Ohio, is shown as a cash register sits atop debris at a drug store looted during violence in the city's Hough section early Tuesday. Roving gangs of teen-agers were responsible for most of the looting and burning of businesses in the predominantly Negro section. Businesses operated by white merchants were the target in previous rioting in the area last month. Gunfire punctuated the rioting Tuesday morning. (AP wirephoto)

## President, First Lady Cheered by 600 Wounded Servicemen on Ship

WASHINGTON (AP) — The wounded servicemen cheered, Wind whipped across the top deck of the excursion boat, President Johnson, equanimity against the setting sun, stopped and said: "Get well, son."

There were tears in the young soldier's eyes, and he turned away. More surged forward, some on crutches, some in uniform, some in bathrobes, to shake the President's hand.

With each Marine, sailor or soldier he stopped to talk to, there was a kind of shyness between the commander in chief and the wounded man.

## Action on Douglas May Be in Future

WASHINGTON (AP) — Two committee chairmen indicated today that if any action is taken on a House resolution calling for an investigation of the moral character of Supreme Court Justice William O. Douglas it will be in the distant future.

Rep. George W. Andrews, D-Ala., introduced the resolution Monday as several members criticized Douglas' marital record. Calhoun Hoffman, 23, became the fourth Mrs. Douglas last Friday.

The resolution, saying Douglas, 67, was divorced three times on grounds of alleged cruelty, in one case with allegations of "personal indignities," would direct the House Judiciary Committee to investigate his moral character.

The honeymooning justice declined comment.

Andrews' resolution was referred to the House Rules Committee headed by Rep. Howard W. Smith, D-Va. He indicated he has no plans for prompt hearings.

Smith said the usual practice is to bring resolutions of this kind before the committee in executive session and vote on whether to proceed further with them.

## Speaker Repeats Building Support

WASHINGTON (AP) — House Speaker John W. McCormack has repeated his support of plans to extend the west front of the Capitol after telling newsmen of a 40-pound chunk of stone that fell from the building.

McCormack said Monday the sandstone, apparently affected by the heat, fell within the last few days and he said anyone struck by it "would have almost surely been killed or seriously injured."
